By Thermaltake

## FLOATING KEY DESIGN

More appealing and in-style looking!

## FLAWLESS ALUMINUM FINISH

You will never get bored looking at it or using it! The slick black brushed aluminum faceplate with illumination is designed to have a classy feel for all users! The shine of this keyboard makes it exceptional!

## DOUBLE INJECTION KEYCAP

The high-grade keycap will not rub off the font on the keycap and will further amplify the backlighting illumination!

## SPECTRUM RUNNING

Change backlighting color from one to another using fade-in effect by cycling the entire color spectrum on the keyboard!
